

PROJECT 3

W A A

Goal

Children create visual artwork that reflects their own individuality, and represents how they see the world around them.

What

In  , children explore how to make collages, sculptures, or paintings using lines, shapes, textured materials, colors, or physical movements.

Why

As children explore and manipulate art tools and materials, they can express their unique ideas, feelings, and imagination.

Community

To inspire their creativity, children observe the artwork of well-known artists and collaborate with peers to make art in different ways.

Family
